

CITY OF FLAGSTAFF
Addendum Number One
Proposal Number 2010-43

LOBBYING SERVICES (FEDERAL AND STATE)

The following questions have been asked to Proposal Number 2010-43 Lobbying Services (Federal and State).

1. Does the City have staff that act, on behalf of the City, in an Inter-Gove role.

ANSWER: Division Directors, Deputy City Managers and City Manager all are registered as lobbyist for the city and provide feedback to appropriate State or Federal legislators or the National League of Cities or Arizona League of Cities regarding legislation that may impact their area of operation. The information on specific Legislation that will impact the City typically comes from the City's hired Governmental Relations firm or from their professional association as is the feedback to provide the appropriate legislators.

2. Does the City have a Grant Writer?

ANSWER: Each respective Department/Division is responsible for writing their own grant requests. We do not have a Grant writer specifically; we do however, have a Grant Manager that oversees the administering and accounting for all city grants.

The balance of the RFP package shall remain the same. The bidder is to acknowledge receipt of this addendum by signing and faxing back to: 928/779-7656 and including in your RFP package submittal.
